BURGLARS AT WORK: GET CONSIDERABLE LOOT

The office building at 78 West Second South street, occupied by the Hubbard Investment company, J. W. Smith, lumber dealer; the International Correspondence school and the L. C. Smith Typewrifer company, and the New York Central Railroad company, was burgiarized Monday morning, and money and stumps to the amount of \$18.25 taken.

Entrance was made through a rear door. The desks of the typewriter and the railroad companies were forced with a blunt instrument. Four dollars in cash and 25 cents in stamps were taken from the typewriter company's deak. From the other desk \$12 in stamps was missing. The work is thought to have been that of boys. The police are investigating.

Another burglary was committed at the home of James A. Crocker, 251 East Third South street, Monday morning, the burglars effecting an entrance by pry-ing open a front window in the absence of the family. A gold watch and chain and \$110 were stolen. The house was ransacked, but nothing further was taken.

WIFE SAYS HUSBAND DOESN'T SUPPORT HER

Susanna Gray brought suit in the District court Monday against Archie Gray for divorce, on the ground of nonsupport. They were married in Sait Lake, June 8, 1905, and she charges that ever since the marriage he has failed to supply her with the common necessities of life, although he is earning \$75 a month. She declares that she is in indigent circumstances, but in her complaint does not ask for any allmony.

CONVICTS WIN A POINT BUT ARE STILL HELD

Judge Ritchie Holds That Sentence of Duncan and Jepperson Was Illegal.

That the imprisonment of Richard Duncan and John Jepperson in the State prison is illegal was decided by Judge Ritchie in the District court Monday. The court directed Warden Arthur Frait, however, to hold the two men a reasonable time to await the arrival of the Sheriff of Beaver county, and, upon his arrival, to turn them over to him.

The two men pleaded guilty before Judge Greenwood at Beaver, last January, to charges of burglary, and were given two years each in prison. Afterward they applied to Judge Ritchie for a writ of habeas corpus, contending that they were not sentenced by Judge Greenwood in his written order, filed with the Secretary of State, and specifying the dates for holding court in Reaver county.

specifying the dates for holding court in Beaver county.

It developed that Judge Greenwood held a special term of court in January, and had merely notified the County Clerk of his intention to do so, without filing an order with the Secretary of State. Judge Ritchie declared that the Supreme Court had already decided that such a term of court was illegal, and that consequently, everything connected with the case was void except the filing of the information. He held, however, that the fact that they had been illegally sentenced did not constitute a har against their being tried at a regular term of court, held in accordance with the law, and for that reason directed that they be delivered to the Sheriff of Beaver county.

Four other persons, the Misses Mildred and Bess McMillan and the Misses Gordon and Dufft, the latter guests of the Misses McMillan, were in the machine, but escaped injury. Mr. and Mrs. Savage called at the McMillan home, \$49 East South Temple street, in their automobile to carry one of the young women guests to the depot to catch the Los Angeles Limited on the San Pedro. In the haste to check the young woman's trunk in time to catch the train Mr. Savage failed to see a galvanized wire that workmen, who were doing some fencing in the old yards, had stretched across the way to keep out vehicles for the time being, the sun shining on the wire from such an angle that it was practically impossible for Mr. Savage to observe it.

He and Mrs. Savage, seated in the front seat of the auto, received much of the force of the impact against the wire, Mr. Savage shutting off the power and throwing on the brakes just before the wire struck the glass. He and Mrs. Savage were dragged from the front seat of the machine into the tenneau before the machine into the tenneau before the machine into the tenneau before the auto stopped.

MIRACULOUS ESCAPE OF THOMAS DAVIS

Thomas Davis, who rooms at the Ohio nouse, in trying to board a moving Rio Grande Western street ear from wrong side, about 10 o'clock Sunday night, fell under the car, got his leg wrapped around the front beam of the rear truck, and was badly bruised and sprained in the flexible lower extrem-

for the time being. Traffic was considerably congested on the R G W. line, also.

The accident happened at Fifth West street on Second South. Davis tried to board the car coming from the depot, while it was moving at a good rate of speed, from the wrong side. The motorman did not observe him trying to get on and, of course, did not stop the car. Directly he heard a noise, and looked around to see Davis going under the car. He immediately threw on the brakes, stopping the car within a few feet, and trobably saving Davis's life.

Davis's foot slipped from the running board, and he plunged under the car hetween the front and rear wheels. He caught against the front beam of the rear trucks and was dragged a few feet. Fortunately the beam kept blin from getting undermeath the wheels before the car came to a stop. The wheels were pressing against his body, however, and in a few feet more he would have been cun over and cut in two.

Davis was wound around the beam in such a manner that it was impossible to extricate him without the use of lackscrews it took several men of the wrecking crew an hour and a half to jack the car up, saw the beam in two, and release Davis. He was taken to the L. D. S. hospital, but no bones were found to be broken and he went to his home in a carriage after an examination.

STATE PLUCKED BY LAND BOARD

Expenses of Trip to Denver Convention Paid by Long-Suffering Utah.

CANDLAND CHARGES UP HIS TIP TO THE PORTER

Expenditure Is Absolutely II legal, but Is Airily Approved by Examiners,

The State of Utah has paid the expenses of the State Land board's recent aunt to the Denver Public Lands convention, where the five members assisted Apostle Reed Smoot to "uphold the hands of our noble President." The claims for expenses were ordered paid by the State

expenses were ordered paid by the State Board of Examiners, although there is no doubt that the expenditure was an absolutely illegal one.

The Denver trip was partly an outing for the members of the board and partly a political mission to strengthen Apostle Smoot with the Administration at Washington. It was in no sense an officiel trip, and does not come within the purposes for which the contingent fund of the Land board is appropriated.

An examination of the bills for the trip on ille in the office of the State Auditor shown that the members of the board are good livers and luxurious travelers, and that they are proudly disdainful of expense where the State is footing the bill. For instance, W. D. Candland, the thrifty Sanpete statesman whose confirmation as a member of the board was turned down by the State Senate last winter, charged up to the State 75 cents with which he tipped a Pullman porter, and the State Board of Examiners approved this item without blinking.

Local Hotel Bills.

Local Hotel Bills.

Three of the five members of the board charged up hotel bills contracted in Salt Lake before they started on the Denver 17 b. Secretary T. C. Callister, who lives here, rented a room at the Knutsford hotel after his return here—for what purpose heaven only knows—and paid \$4 for t. The State Board of Examiners reinbursed him for this expenditure.

Following is a detailed statement of the expenses paid by the members of the board on the Denver trip.

Chairman W. J. Lynch—Railroad and Pullman fare, \$27; meals, \$16.90; hotel bill, \$8. Total, \$51.90.

William H. Thain—Hotel bill, \$10; railroad and Pullman fare, \$27.50; meals, \$15.20.

Secretary Thomas C. Callister—Hotel bill, \$1 railroad and Pullman fare, \$23.75; meals, \$11.25. Total, \$39. (It will be noticed that Mr. Callister economized on meals, that he paid no hotel bill in Denver and that he paid pullman fare only one way.)

W. D. Candland—Hotel bill, \$15.80; meals, \$14.20; railroad and Pullman fare, \$27.75; tip to porter, 75 cents. Total, \$57.55. Local Hotel Bills.

\$57.55.

N. N. Hayes (Jeffersonian Democrat)—
Hotel bill, \$10; railroad and Pullman
fare, \$27.50; meals, \$17.65. Total, \$55.15.
(Mr. Hayes, as shown by the official records, is the heavlest ester on the board.)
Whether Mr. Candland was the only
member of the party who tipped the porier, or whether the others didn't have
herve enough to make such a charge
against the State, is a momentous question which, for the present, must remain unanswered.

SAYS HIS WIFE ROBBED AND THEN OUSTED HIM

Elmer Hill Alleges That He Is a Victim of Misplaced Marital Confidence.

Elmer Hill, in a complaint which he filed in the District court Monday to force his wife to deed back to him his proporty, intimates strongly that he is a victim of misplaced confidence in his life partner. He alleges that on January 2, 1968, while he was in ill health, he deeded his wife property valued at nearly \$50,000, for her to manage. Now he alleges, she not only refuses to deed it back to him, but has ousted him from their home and made a will leaving all the property to hor relatives.

made a will leaving all the property to hor relatives.

The property, he alleges, included several mining claims and interests in mining claims at Bingnam, including the Toughnut reserve in Markham guich, as well as several thousand shares of stock and a tract of land in Bingham on which are situated the Eimerton hotel and several other buildings.

are situated the Eimerton notel and several other buildings.

In managing the property. Hill alleges, his wife has sold part of the stock and has derived much revenue. Among other things, she made a sale of stock for \$3200, and gave bim only \$10 of the proceeds. Size notified the Commercial National hank, he alleges, that her husband no longer had any interest in a joint account which they had been carrying there, and since then, he declares, he has been unable to get any money.

Filli says he and his wife have been married sixteen years. All the property in dispute, he alleges, has been carned by his hard labor and efforts, and that she has contributed nothing "except the necessary duties of a wife to her husband." He says he has supported her well always and that he deeded the property to her only because at the time he felt physically unable to manage it himself.

Judge Ritchie signed a temporary restraining order forbidding the wife to dispose of any more of the property pending a decision.

The defendant was arraigned, and entered a plea of guilty, and will be sentenced on Tuesday. The burglary was committed on July 7.

DURAND VICTIM FREED BY DISTRICT COURT

Walter Best, Committed for Contempt, Is Discharged by Judge Ritchie.

Walter Best, who was fined for contempt of court and committed to jail by Justice C. F. Durand of Murray Saturday, was summarily discharged on a writ of habeas corpus by Judge M. L. Hitchie in the District court, Monday. The action of the court is a severe rebuke to Durand and to Francis G. Luke, collection agent, who was responsible for Best's incarceration.

The record in the case, upon which Judge Ritchie discharged Best, disclosed that when suit was originally brought against him and his wife in Durand's court by Luke, his attorneys filed the statutory affidavit of non-residence, attacking the jurisdiction of the court, and that Durand made an order transferring the case to Justice Dana T. Smith of Salt Lake.

Afterward however, without any notice to Best or his attorneys, and after he had lost jurisdiction of the case, Durand rendered Judgment against Best. Then, at Luke's behest he issued a citation for Best to appear and disclose what property he owned subject to execution.

It was for ignoring this citation and failing to appear that Best was fined for contempt and committed in default of payment. As soon as Judge Ritchie heard the facts in the case he discharged Best.

He returned today and reported that he was not able to buy the hind leg of a mule or a horse in the vicinity of Alturas, Cal., nor in the adjoining counties of Oregon, though there are thousands of head in the region he visited.

His experience is that the growers and breeders have gone clean daffy over the demand for mules and heavy draft horses and have put up the price to where it is prohibitive. That horses cannot be bought there, although thousands are being matured, under \$350 or \$400 per animal, and that the price on Callfornia and Oregon bred mules is entirely prohibitive was demonstrated. Breeders of mules are demanding as high as \$1800 for a pair. The same is true of draft horses, which are in much demand in the Southern California towns, where they are needed, and especially in Los Angeles and adjacent cities, but the price has risen so unreasonably at the source of product that, unless the consumers pay the price, they will not receive the animais they need.

The expedition was organized for exploration and mapmaking, and has performed a notable summor's work. A systematic study of practically all of the San Juan drainage has been made and maps carefully drawn to show the location of ruins or the principal canyons and washes. Much of this work was done at the cost of hard, exhausting work, in which Professors Cummings and Hewett were ably assisted by the younger members of the party. The measuring and surveying was chiefly done by J. C. Brown and Fred A. Scranton, two graduates of the University of Utah. Their working included a survey of a considerable area of the rough country about the natural bridges. The mapmaking was done largely by Neal Judd and Joseph Driggs. Some difficulty was encountered in obtaining supplies at the small stores in southern Utah, and the exploring and surveying work often was accomplished only with hardship and sometimes with danger.

There was, however, no serious mis-hap for man or beast, and every mem-

The scenery as well as the antiquities well repaid all the cost of the trip in money and energy. To see the wonderful natural bridges would alone make the journey worth while. All members of the party are enthusiastic in praise of the marvels of southern Utah, which one of these days will rival the Yellowstone park as a sight-seeing locality.

PARK COMMISSION CREATED BY COUNCIL

New Body Will Assume Its Existence Under Next City Administration.

The City Council, at its meeting Monday night, passed the park commission ordinance introduced by Councilman Thomas Hobday several months ago. The vote for the ordinance was unanimous. The ordinance does not go into effect intil January 15, 1968, and it will there-

until January 15, 1968, and it will therefore become operative practically with the incoming of the next city administration. It provides that the park commission shall consist of five members, to be appointed by the Mayor and to hold office for two years. The members are to serve without compensation, and not more than three of them shall belong to any one political party.

The commission is given exclusive charge of all parks, boulevards and street parking. It will appoint the parkkeeper, florists and all appointees of the park department. It will have power to compel property owners to keep up parking strips placed in front of their property. The ordinance is comprehensive in its scope, and its passage was urged by several members on the ground that it will tend to uphold Salt Lake's reputation as a city beautiful. The powers of the commission over the parks are so broad that there can be but little interference with the performance of its duties.

TOUGH GIRL GLORIES IN HER RUINATION

Sarah Brandt Shocks Court and Spectators by Evidences of Her Depravity.

Sarah Brandt, aged 15 years, was be fore the Juvenile Court Monday on charge of incorrigibility, and the tale of total deprayity which was unfolded in her case shocked Judge Gowans and the spectators. According to the evidence of the mother and Probation Office: Brown, the girl had beasted to them of her ruin, and had gloried in it.

The girl, according to the evidence had asserted that she would not work for a living; that it was easier to live with out work. On another occasion she took a roll of money home, flashed it in he mother's face, and declared that she was leading and intended to lead a life of shame. She defled her mother to stop

At another time, it was charged, she stole a \$10 bill from her mother, which another daughter had sent her. The mother sat with tears rolling down her cheeks while the story of her daughter's depravity was told. Judge Gowans committed her to the Reform school.

The girl and her mother live in Murray. The girl was before the Juvenile Court about two months ago, and, upon her mother's plea for her, was allowed to go. Now, however, the mother sees no hope but a term in the Reform school.

ARTHUR A. SWEET IS CHARGED WITH FRAUD

Henry Wade Accuses Him of Failing to Account for Certain Stock.

Arthur A. Sweet, secretary of the Western Coal and Coke company, is accused of two separate and distinct fraudulent acts in a suit for \$\$1,000 filed in the District Court Monday by Henry Wade. The basis of the charges is that Sweet has converted to his own use certain stock in the company belonging to Wade, who declares that he was one of the promoters of the concern.

At the organization, Wade alleges, which was on April 27, 1205, he (Wade) was entitled to 100,000 shares of stock and received that amount. He turned over \$0,000 shares of the stock to Sweet, he alleges, to be given to one Joseph A.

over 50,000 shares of the stock to Sweet, he alleges, to be given to one Joseph A. Brown if Brown paid Sweet \$5000 before a given date. Brown failed to make the payment, and Sweet, it is charged, did not return 35,000 shares of the stock to

payment, and Sweet, it is charged, did not return 38,000 shares of the stock to Wade.

Wade says that he demanded these shares back April 1, 1907, when they were worth \$55,200, and that Sweet has failed to give them back. He therefore sues for damages in the sum of \$55,200 on this cause of action. Wade alleges that in January, 1906, Sweet represented that F. A. Sweet and L. H. Curtis were about to take an option on the properties of the company, but that to bring about this it would be necessary for Wade to turn 20,000 shares of his stock into the company. Wade says he did so, when, as a matter of fact, he claims, the presentation concerning the option was false and fraudulent. Sweet, he charges, refused to return the stock to him, and he sues for \$25,000 on this count.

NOBLES OF EL KALAH WILL GO TO ST. PAUL

The nobles of El Kalah temple. A. A. mendation for their O. N. M. S. of Salt Lake already are plans will be laid a O. N. M. S. of Sait Lake aiready are making preparations to attend the next imperial council, to be held in St. Paul in July, 1908. It is the purpose to make this pilgrimage even greater in importance than that recently held in Los Angeles, and at which Sait Lake played no small part. While it is a long look ahead, there is ample reason to be long-sighted in this matter, as the temples nearer St. Paul are beginning to bestir themselves so as to make the banner showing. The patrol from El Kalah at Los Angeles was one of the big attractions of the imperial council. It was greeted with an enthusiasm that few patrols there enjoyed, and this patrol will be recruited at once so as to go East in number and efficiency second to none.

ATTEMPTED TO CHEW TEN-DOLLAR BILL

Special to The Tribune.

OGDEN, July 29.—John Erickson and two companions, Thomas Braby and Joseph King, were arrested at 11 o clock this morning by Detective Pender and Sergeant Charles Pincock for robbing a stranger named John O'Neill of 245 at an early hour this morning in a lower Twenty-fifth street saloon. One of the three robbers tried to chew up a tendollar hill on the way to the police station today, but was prevented by the officers, and it will be used as evidence at their hearing. Vagrants Before Judge Dichl.

Vagrants Before Judge Dichl.

Vagrants and alleged vagrants had their inning in Judge C. E. Dichl's court Monday morning. In all twelve persons, charged with vagrancy, appeared before Judge Dichl. Ten men. arrested for founging in Pioneer park Saturday, were discharged. Sadie Smith and Emma Flarris, negresses, will plead to charges of tagrancy this morning. They were released on \$25 bail each and are not likely to appear when their names are called in court today.

Charles Turner, an opium fiend, was discharged on a charge of stealing a hammer from the O. S. L., the prosecution failing to make a case against him. Frank Larson and A. J. Vanseles will plead to charges of violating the Sunday-closing law by selling liquor at the Sait Palace bar this morning.

Searching for McKittrick Body. Searching for McKittrick Body.

The police Monday redoubled their efforts to recover the body of Loster, the six-year-old son of John E. McKittrick, who was drowned in the Jordan river last week. Folicomen Williams and Griffiths, with the assistance of others, constructed a raft Sunday, to which were attached a dozen grappling hooks, and began the descent of the stream, allowing the raft to float with the current. By this means the river will be dragged from the scene of the drowning to its mouth. It is thought this method of dragging the stream will recover the body. The mouth of the river probably will be reached today. In the mean-the nets stretched across the stream to catch the body.
